UN representatives Dr. Alfredo Miccio, IOM Geneva, and Dr. Mohammad Jahya Maroofi, <https://www.youtube.com/watch?v=CR7XIEL63rU>, ECO Secretary General, visited Germany and some patients within the "Afghan Medical Programme" in 1986.

The main reasons for this program were to provide medical care to Afghans wounded in the war, but also to retrieve information about Soviet positions in Afghanistan, military equipment and war strategies.
